ABOUT ME

A Bachelor's degree holder in Computer Science with a strong foundation in programming, networking, and hardware management. I specialize in programming and am always open to improvement and growth. I am quick to grasp new programming concepts and can easily adapt to different technologies and development environments.

EXPERIENCE

INTERN AT THE DEPARTMENT OF EDUCATION SURIGAO DEL SUR

- Provided technical support through printer maintenance, CCTV installation, and network extension, while also assisting with data organization using Excel. Gained hands-on experience in a professional setting, developing workplace ethics and communication skills.

NORTH EASTERN MINDANAO STATE UNIVERSITY

- Learned the fundamentals of programming and gained hands-on experience in multiple languages including VB.NET, C#, C++, PHP, Flutter/Dart, Java, Python, and SQL. Applied skills through projects using React.js and Node.js, and explored AI integration during thesis development.
